- Bridging cultural gaps (business & social) between East & West

Who We Are

We are an international team of Israeli and Chinese partners with international education and experience. We share extensive background in marketing, engineering, management and finance (ICPFM, ICD, CFA, PEMA), as well as medical and biological knowledge.

Iridium has developed an exceptional and unique methodology which enables you to recognize your gaps and fill them efficiently and cost effectively.

We also offer further areas, such as regulation, cultural intelligence (CQ), accounting and auditing by our partners, highly experienced, top-tier experts in these fields.

We believe in relationship and communication. We listen and learn your needs, and help you get what you want to achieve.

Please contact us for details.
